DETAILED ACTION

Claim Objections

Claims 4-10 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from another multiple dependent claim and must only be recited in the alternative. See MPEP § 608.01(n). Accordingly, the claims 4-10 have not been further treated on the merits.

Claim Rejections - 35 USC § 112

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-3 lack a clear and proper transitional phrase such that one can distinguish between the preamble and the body of the claim. In claim 1, "the extended position", "the retracted position", "the end region" and "the inside of the end region of the outer tube" lack a clear and proper antecedent.
